CLIENT:
General Directorate for National
Roads and Highways (GDDKiA)

- **15 km motorway section between Woźniki and Pyrzowice plus one motorway maintenance facility, two rest stops, 29 bridges and wildlife crossings**
- **Completion in mid-2018**

Warsaw, 27 August 2015 The publicly listed construction group STRABAG SE has been chosen to build the 15 km section of Poland's A1 motorway between Woźniki and Pyrzowice. The € 118 million (PLN 495.5 million) contract comprises the construction of the concrete motorway as well as one maintenance facility, two rest stops, 29 bridge structures and several wildlife crossings within a period of 30 months. Additionally, already existing municipal and district roads will be rehabilitated in parallel with the motorway works.

"The construction of this section of the A1 is of priority for the region. It combines the northern part of the country with the south as well as the cities of Silesia with Katowice International Airport in Pyrzowice", explains Thomas Birtel, CEO of STRABAG SE.

The section is to be opened to traffic in mid-2018. It will mark the completion of another portion of the Trans-European Network (TEN).

STRABAG SE is a European-based technology group for construction services, a leader in innovation and financial strength. Our services span all areas of the construction industry and cover the entire construction value chain. We create added value for our clients by our specialised entities integrating the most diverse services and assuming responsibility for them. We bring together people, materials and machinery at the right place and at the right time in order to realise even complex construction projects – on schedule, of the highest quality and at the best price. The hard work and dedication of our more than 73,000 employees allows us to generate an annual output volume of about € 14 billion. At the same time, a dense network of numerous subsidiaries in many European countries and, increasingly, on other continents is helping to expand our area of operation far beyond the borders of Austria and Germany. More information is available at www.strabag.com

The STRABAG Group has been doing business in Poland since 1985. In 2014, the company's 4,300 Polish employees generated an output volume of more than € 800 million. More information is available at www.strabag.pl
