- Two sections of D3 motorway
- Construction time of 30 months

Prague/Vienna, 9 March 2015 STRABAG a.s., the Czech subsidiary of Austrian-based publicly listed technology group STRABAG SE, has been awarded two new motorway contracts in the Czech Republic as part of a consortium with Eurovia CS. The company will build two sections of the D3 motorway linking Prague with southern Bohemia. Client for both contracts is the Road and Motorway Directorate of the Czech Republic.

The section between Veselí nad Lužnicí and Bošilec is worth a total of €23 million (CZK 635 million), of which STRABAG holds a 55 % share (about €12.7 million). The section measures 5,125 m in length.

The second contract involves the 3,160 m section between Borek and Úsilné. STRABAG's share of 45 % amounts to about €11.7 million (around CZK 322 million).

"We have proved our expertise in road and motorway construction in the Czech Republic in the past – including the D3 motorway, which connects Prague with the Austrian," says STRABAG SE CEO Thomas Birtel.
