- **Renewal of 14.8 km long section Velký Beranov–Měříň**
- **Total contract value: CZK 1.88 billion**
- **Construction until 2021**

Prague, 21 December 2018 A consortium including STRABAG a.s., a subsidiary of European construction group STRABAG, has been awarded the contract for the modernisation of the D1 motorway in the Czech Republic. The contract, which has a total value of CZK 1.88 billion (~ € 72.7 million), comprises the complete renewal of the cement concrete surface of the D1 motorway between Velký Beranov and Měříň.

The total section to be modernised measures 14.8 km in length. Completion is scheduled within a project period of three years. Working on the project are the consortium leader STRABAG and its two partner companies Metrostav a.s. and EUROVIA CS a.s.

“As one of the leading companies in the Czech transportation infrastructures sector, we have already proven our expertise in projects such as the construction of the D3 motorway linking Prague with the Austrian border,” says STRABAG SE CEO Thomas Birtel.

The project will begin with a temporary widening of the motorway in the direction of Prague to allow the full renovation of the road surface in the direction of Brno. First, the roadway will be removed, the sublayers recycled, and the new surfacing laid. This will be followed by the renewal of the roadway in the direction of Prague. The works comprise repair and demolition, the upgrade of ten motorway bridges, the demolition and reconstruction of a motorway overpass and the construction of a new animal overpass. Also forming part of the project are the demolition and new construction of noise barriers.

STRABAG SE is a European-based technology group for construction services, a leader in innovation and financial strength. Our services span all areas of the construction industry and cover the entire construction value chain. We create added value for our clients by our specialised entities integrating the most diverse services and assuming responsibility for them. We bring together people, materials and machinery at the right place and at the right time in order to realise even complex construction projects – on schedule, of the highest quality and at the best price. The hard work and dedication of our nearly 73,000 employees allow us to generate an annual output volume of more than € 14 billion. At the same time, a dense network of numerous subsidiaries in many European countries and on other continents is helping to expand our area of operation far beyond the borders of Austria and Germany. More information is available at www.strabag.com.

The STRABAG Group has been present in the **Czech Republic** since 1991. The company employs approx. 3,600 people and generates about € 629 million in the country. More information is available at www.strabag.cz.
