- **Project of SORAVIA and ARE DEVELOPMENT**
- **Contract value: €110 million**
- **Construction works to be completed by summer 2021**

Vienna, 17 July 2018 STRABAG, Austria's largest construction company, will construct three residential towers (*Triiiple* building construction project) in Vienna. According to the contract awarded by SORAVIA and ARE DEVELOPMENT, three 100-metre-high towers will be constructed close to Vienna's city centre; the contract value amounts to € 110 million. While the Towers 1 and 2 will house 480 owner-occupied flats, Tower 3 will house 670 micro-apartments. Construction works are scheduled to start in August 2018 and to be completed by summer 2021.

### Dynamic Viennese construction sector

„In the previous year, we experienced a growth of 11% on our Austrian home market. This exciting project of the architects Henke Schreieck is an absolute highlight, even on this very dynamic construction market here in Vienna“, explains Thomas Birtel, CEO of STRABAG SE.

The towers will be constructed as reinforced concrete skeleton structures. Protruding structures constitute a huge technical challenge. As a response to this challenge, massive scaffolds will be constructed to guarantee load transfer during construction.

**STRABAG SE** is a European-based technology group for construction services, a leader in innovation and financial strength. Our services span all areas of the construction industry and cover the entire construction value chain. We create added value for our clients by our specialised entities integrating the most diverse services and assuming responsibility for them. We bring together people, materials and machinery at the right place and at the right time in order to realise even complex construction projects – on schedule, of the highest quality and at the best price. The hard work and dedication of our nearly 73,000 employees allow us to generate an annual output volume of more than € 14 billion. At the same time, a dense network of numerous subsidiaries in many European countries and on other continents is helping to expand our area of operation far beyond the borders of Austria and Germany. More information is available at [www.strabag.com](http://www.strabag.com).

*As Austria's leading construction company, **STRABAG AG, Vienna**, plays a role in all the fields of the construction sector. In the business year 2017, more than 10,500 employees generated an output of approximately € 2.3 billion.*
